

Music Progression of Knowledge and Skills-EYFS & Key Stage 1

Purpose of study

Music is a universal language that embodies one of the highest forms of creativity. A high quality music education should engage and inspire pupils to develop a love of music and their talent as musicians, and so increase their self-confidence, creativity and sense of achievement. As pupils progress, they should develop a critical engagement with music, allowing them to compose, and to listen with discrimination to the best in the musical canon.

The national curriculum for music aims to ensure that all pupils:

- Perform, listen to, review and evaluate music across a range of historical periods, genres, styles and traditions, including the works of the great composers and musicians
- Learn to sing and to use their voices, to create and compose music on their own and with others, have the opportunity to learn a musical instrument, use technology appropriately and have the opportunity to progress to the next level of musical excellence
- Understand and explore how music is created, produced and communicated, including through the inter-related dimensions: pitch, duration, dynamics, tempo, timbre, texture, structure and appropriate musical notations.

<p>Musicianship and performing Pulse/Beat</p>	<p>PD: Use a range of small tools (e.g. instrument beaters).</p>	<p>Pulse/Beat Walk, move, or clap a steady beat with others, changing the speed of the beat as the tempo of the music changes. Use body percussion and classroom percussion, playing repeated patterns (ostinati) and short pitched patterns on tuned instruments to maintain a steady beat.</p> <p>Respond to the pulse in recorded/live music through movement and dance.</p>	<p>Pulse/Beat Understand that the speed of the beat can change, creating a faster or slower pace (tempo). Mark the beat of a listening piece by tapping or clapping and recognising tempo as well as changes in tempo. Walk in time to the beat of a piece of music or song. Know the difference between left and right to support coordination and shared movement with others. Begin to group beats in twos and threes by tapping knees on the first (strongest) beat and clapping the remaining beats. Identify the beat groupings in familiar music that they sing regularly and listen to.</p>

<p>Composing Composition</p>	<p>Compose music on their own and with others using the interrelated dimensions of music e.g. pitch, tempo, dynamics, duration, musical notations. Use and understand some staff and other musical notation.</p> <p>Improvise: Become more skilled in improvising (using voices, tuned and untuned percussion, and other instruments), inventing short 'on-the-spot' responses using a limited note range. Structure musical ideas (e.g. using echo or question-and-answer phrases) to create music that has a beginning, middle, and end. Pupils should compose in response to different stimuli e.g. stories, verse, images (paintings and photographs), and musical sources.</p> <p>Compose: Combine known rhythmic</p>	<p>Compose music on their own and with others using the interrelated dimensions of music e.g. pitch, tempo, dynamics, duration, musical notations. Begin to make compositional decisions about the overall structure of improvisations and continue this process in composition tasks.</p> <p>Compose: Combine known rhythmic notation with letter names to create short pentatonic phrases using a limited range of 5 pitches suitable for the instruments being learnt.</p>	<p>Use and understand staff and other musical notations. Extend improvised melodies beyond 8 beats over a fixed groove, creating a satisfying melodic shape.</p> <p>Compose: Plan and compose an 8- or 16-beat melodic phrase using the pentatonic scale (e.g. C, D, E, G, A) and incorporate rhythmic variety and interest. Compose song accompaniments on untuned percussion using known rhythms and note values.</p>	<p>Sing and play these phrases as self-standing compositions. Arrange individual notation cards of known note values (i.e. minim, crotchet, crotchet rest, and paired quavers) to create sequences of 2-, 3- or 4-beat phrases, arranged into bars. Explore developing knowledge of musical components by composing music to create a specific mood, for example creating music to accompany a short film clip. Introduce major and minor chords. Include instruments played in whole-class/group/individual teaching to expand the scope and range of the sound palette available for composition work. Capture and record creative ideas using any of: graphic symbols, rhythm notation and time signatures, staff notation, technology.</p>	<p>Composing: Compose melodies made from pairs of phrases in either C major or A minor or a key suitable for the instrument chosen. These melodies can be enhanced with rhythmic or chordal accompaniment. Working in pairs, compose a short ternary piece. Use chords to compose music to evoke a specific atmosphere, mood, or environment. Equally, pupils might create music to accompany a silent film or to set a scene in a play or book. Play and perform melodies following staff notation using a small range (e.g. do-mi or C-E) as a whole class or in small groups. Use listening skills to correctly order phrases using dot notation, showing different arrangements of notes C-D-E/do-re-mi.
